

Make a mole!

You will need:

- A section of an egg carton (cardboard)
- Brown paint & a paint brush
- A brown pom pom
- Some googly eyes!
- Brown pipe cleaners
- Pink felt
- Sticky tape
- Glue
- Scissors

How to make your mole

1. Start off by painting your egg carton with the brown paint. Don't forget to paint the inside! Leave it to dry. This will make up the body of your mole.
2. Once the egg carton is dry, cut the pipe cleaners so that you have four legs. Stick them to the inside of the egg carton with the tape, and bend them out to sit under your mole's body.
3. Using your pink felt, cut out some little pink paws and a pink nose. Stick the paws to the ends of your pipe cleaners.
4. Stick the brown pom pom onto your egg carton, add the eyes and the cute little pink nose!

That's it! Now all you need to do is give your mole a name!

What other animals can you make?
